**RE: Operations Advisory - Backflow preventer repair building 9060 & 9070**

---

**Please be advised:**

On Sunday, October 3, 2021 from 7:00 AM until 9:00 AM, Contract Operator (CO) will be conducting repairs on the backflow preventers at buildings 9060 & 9070.

While backflow device repair is being performed, the potable water supply to the building will be shut off. Please let me know if there are any issues with the date & time of this work.

Thank you for your cooperation with scheduling this corrective maintenance.

If you should have any questions, please do not hesitate to contact Heather Head at [OccupantServices@uastp.com](mailto:OccupantServices@uastp.com).
