RE: Operations Advisory - Compressed Air Shutdown - Leak Repair - revised

Please be advised:

The Compressed Air System will be shutdown beginning at 6:00 AM and will be restored to full service no later than 10:00 AM on Saturday, May 7, 2022, to facilitate Contract Operator leak repair in the Spine.

If you have any questions, please do not hesitate to contact Sherrie Wofford
OccupantServices@uastp.com.

In addition, please visit www.uastp.com to stay informed on recent operations advisory announcements.

Thank you
