RE: Operations Advisory - Compressed Air Shutdown - Leak Repair - revised

Please be advised:

The Compressed Air System will be shutdown beginning at 4:00 AM on Wednesday, July 6. It will be restored to full service no later than 10:00 AM on Wednesday, July 6, 2022, to facilitate Contract Operator leak repair in the Spine.

If you have any questions, please do not hesitate to contact Sherrie Wofford at OccupantServices@uastp.com. In addition, please visit www.uastp.com to stay informed on recent operations advisory announcements.

Thank you
