RE: Operations Advisory - DCW backflow device repair building 9070

Please be advised:

Contract Operator (CO) would like to schedule DCW backflow device leak repair and recertification for Building 9070 on Tuesday, 27 April 2021. The proposed schedule is below.

SCHEDULE

- Tuesday, 27 April 2021: Building 9070 - Work will begin at 2:00 AM and is expected to be completed no later than 4:00 AM

While backflow device testing is being performed, the potable water supply to the building will be shut off. Please let me know if there are any issues with the date & time of this work.

Thank you for your cooperation with scheduling this corrective maintenance.

If you should have any questions please do not hesitate to contact Shelly Jost at OccupantServices@uastp.com. In addition, please visit www.uastp.com to stay informed on recent operations advisory announcements.
