RE: Operations Advisory – Flowing Hydrants & Testing DIV's near B9032

Please be advised:

On Monday, September 27, 2021 from 7:00 AM until 12:00 PM, Contract Operator will be performing maintenance work, flowing hydrants, and testing the Division Indicator Valve (DIV's) near Building 9032.

During this time, we ask that all tenants put their fire alarm panels in Bypass mode.

No Red tag permits will be approved for 9032 on Monday, September 27th.

If you should have any questions, please do not hesitate to contact Heather Head at OccupantServices@uastp.com.

In addition, please visit www.uastp.com to stay informed on recent operations advisory announcements.

Thank you
